RECEIVED

Dear Members of the Regulatory
Commission,

Perhaps I should begin
my saying that in at least 50
years of my 75 years the US Post
Office has provided to me
my family and friends with
the very best service.

The last years, under the
leadership of Mr. Louis DeJoy
who is without the appropriate
education & experience for
his job, the Post Office's service
has deteriorated.

The possibility of his "10
year plan," is a terrible
horrible, not good plan.
DO NOT let it move
forward. Further, retire,
fire, let go Louis DeJoy
so someone with the
appropriate educa-
tion and experience
can be appointed
to restore the good
name and service of
the Post Office.

Sincerely,
Gen. Marcia C. Freck, M.D.

"In Him was life, and the life was the Light of men."
